

2009 DIARY NOTES

Wednesday April 22 is Earth Day

To coincide with Earth Day, an annual day to encourage awareness of and appreciation for the environment, **Planet Ark** will launch the 7th year of its '**Cartridges 4 Planet Ark**' campaign.

With over 9 million printer cartridges diverted from landfill and recycled through the program, this highly successful campaign encourages Australians to drop their used printer cartridges into a '**Cartridges 4 Planet Ark**' recycling box at participating **Australia Post, Harvey Norman, Officeworks, Tandy, Dick Smith** and **PowerHouse** outlets.

To find your nearest retail drop off location, visit **cartridges.planetark.org** or call the '**Cartridges 4 Planet Ark**' Hotline on **1800 24 24 73**.
